CERRADURAS

CAM LOCKS

A low-angle, upward-looking photograph of several tall, modern apartment buildings. The buildings are constructed from light-colored concrete and feature a grid-like pattern of windows and balconies. The perspective creates a sense of height and scale, with the buildings converging towards the top of the frame. A teal-colored horizontal band is overlaid on the top portion of the image, containing the section header and subtitle.

MONEDEROS

Coin locks

Nuestros monederos KEYA están diseñados para ofrecer el máximo rendimiento.

Como en todos los productos industriales de calidad, es necesario un buen uso para asegurar el máximo rendimiento y durabilidad en el producto.

Muchos de nuestros monederos son adaptables a la mayoría de monedas, consúltenos para más información.

En ambientes húmedos y para mantener seco el cilindro, recomendamos el uso de lubricantes regularmente, una vez al mes, con el spray anti-humedad BESLUX de la empresa Brugarolas, S. A., disponible en distribuidores especializados o directamente en Talleres ABSA.

Our KEYA Deposit Locks are built for heavy-duty facilities.

Like all quality industrial products, regular care during its use is required to ensure maximum service and life of the product.

Many of our coin locks are adaptable to most coins, ask us for more information.

In order to keep cylinders dry in humid locations, we recommend lubricating them regularly, once a month, with the anti-humidity spray BESLUX from Brugarolas, S.A., available from specialized dealers or directly from Talleres ABSA.
